

Just imagine...

...if there was a place your loved-one could go, without leaving the hospital grounds, where they could grow plants and flowers and where friends, family and even pets could visit. A place where they could do these things in safety and comfort. You can help make this happen.

Yeovil Hospital's Dementia-Friendly Garden Project has been shortlisted for The People's Millions on ITV, with the chance to win £50,000.

We need your vote! Phone voting opens 9am, Tuesday 25 November and closes at midnight.

The phone number will be released on 25 November in the Daily Mirror, on our website, via social media and on our blog: justimagineydh.wordpress.com
You can also call us on the day on 01935 384960.
