

Just imagine...

...if a loved-one with dementia was confined to a hospital ward for days or weeks; unable to go outside, feel the sunshine, breathe the fresh air, smell and touch the plants and flowers.

At Yeovil Hospital we have a chance to make sure this doesn't happen. To find out how you can help us, please see overleaf.

Watch *the People's Millions* on ITV West Country East on 25 November.

Just imagine...

...if there was a place your loved-one could go, without leaving the hospital grounds, where they could grow and tend plants and flowers, and where friends, family and even pets could visit. A place where they could do all of these things in safety and comfort. You can help make this happen.

Yeovil Hospital's Dementia-Friendly Garden Project has been shortlisted for *The People's Millions on ITV*, with the chance to win £50,000 and make this vision a reality. We need your votes!

Phone voting opens 9am, Tuesday, 25 November.

The phone number will be released on 25 November in the Daily Mirror, on twitter @JustImagineYDH and at www.justimagineydh.wordpress.com. You can also call us on the day on 01935 384960.
